The platform of the report meeting in celebration of the 25th birthday of the League of Socialist Working Youth of Korea

In the Presence of Comrade KIM IL SUNG, the Respected and Beloved Leader, Report Meeting Held in Celebration of 25th Birthday of LSWY of Korea

In the presence of Comrade Kim Il Sung, the great Leader of our Party and the 40 million Korean people, a grand report meeting was held at the Pyongyang Grand Theatre on February 5 in celebration of the 25th anniversary of the founding of the League of Socialist Working Youth of Korea.

The meeting was attended by a large number of functionaries of Party and government organs and working people's organizations, central and local LSWY functionaries, workers, peasants, armymen and office workers who are waging devoted struggle in socialist construction and at defence posts of the fatherland, school youth, LSWY members and Red Young Guardsmen.

Respectfully placed on the platform of the meeting hall was a portrait of Comrade Kim Il Sung, the great Leader of revolution and the benevolent father of the youth, who has been confidently leading our revolution and the youth movement of our country along the one road of victory, taking upon himself the destiny of the fatherland and the nation and personally pulling through all storms for over 40 years up to this day since he started revolutionary activities in his early years.

Seen on the background of the platform were a model of Mt. Paektu-san towering majestically as a symbol of the brilliant revolutionary traditions of our Party established by Comrade Kim Il Sung, the great Leader, during the anti-Japanese armed struggle and an unfurled national flag of the Democratic People's Republic of Korea, the glorious fatherland, founded on the roots of the revolutionary traditions.

At 4 p.m., **Comrade Kim Il Sung, the great Leader of our Party and the 40 million Korean people, outstanding Marxist-Leninist, genius of revolution and founder and Leader of the League of Socialist Working Youth of Korea, mounted the platform** amid the playing of the welcome music.

The entire attendants rose to their feet and warmly welcomed the Leader with stormy cheers "Long live Comrade Kim Il Sung, the great Leader!" and prolonged, thunderous applause that shook the meeting hall.

The meeting hall was overflowing with the feelings of infinite adoration of and trust in and ardent fidelity to Comrade Kim Il Sung, the brilliant Leader of revolution, who founded the great *Juche* idea and confidently leads our people and youth along the one road of victory and glory, brightly illuminating the road ahead of our revolution with the immortal revolutionary idea, and with feelings of boundless pride in and honour of being his guards and death-defying corps.

Amid the ceaseless cheers of *manse* (hurrah) shaking the meeting hall, young women presented Comrade Kim Il Sung, the brilliant Leader of revolution and benevolent father of the youth, with a basket of fragrant flowers carrying the unbounded reverence of the attendants of the meeting and the entire youth and LSWY members of our country for him.

The platform was taken also by Comrades Kim Il, Kim Dong Gyu and Yang Hyong Sop, and leading functionaries of Party and government organs and working people's organizations, responsible functionaries of the Central Committee of the League of Socialist Working Youth and other LSWY functionaries, Heroes of the DPRK, Labour Heroes, and model LSWY members.

The meeting opened with the playing of the Patriotic Song of our country.

Kim Si Hak, Chairman of the Central Committee of the League of Socialist Working Youth of Korea, made a report at the meeting.

The reporter said:

It is the greatest honour and happiness for the entire LSWY members and youth of our country to celebrate the 25th anniversary of the founding of the League of Socialist Working Youth of Korea in the presence of Comrade Kim Il Sung, the outstanding Leader of revolution, whom our people and the revolutionary peoples of the whole world adore and respect so deeply.

The reporter extended the highest honour and deepest thanks to Comrade Kim Il Sung, the great Leader of our Party and the 40 million Korean people, the creator of the brilliant revolutionary tradition of the Korean communist youth movement, the founder of the League of Socialist Working Youth of Korea and the benevolent father of our youth, conveying the unanimous feelings of fidelity of the entire LSWY members and youth of our country.

The reporter continued:

Though the League of Socialist Working Youth of Korea was founded only 25 years ago, it has very deep historical roots and its tradition is quite rich.

The Korean youth movement has traversed a path of resplendent victory for over 40 years up to this day through the period of the glorious anti-Japanese armed struggle, the period of the peaceful construction after liberation, the period of the great Fatherland Liberation War and the period of the postwar rehabilitation and construction and socialist revolution and socialist construction since Comrade Kim Il Sung, the brilliant Leader of revolution, organized the Down-With-Imperialism Union in 1926.

The 40-odd-year-long course of the Korean youth movement is a history of the outstanding leadership with which Comrade Kim Il Sung, the great Leader of revolution, has led the youth movement of our country to brilliant victory and a proud course run through with the infinite fidelity of the youth of our country to the Leader.

Pointing out that owing to the lack of the guidance of an outstanding Leader the youth movement could not escape failure at every step and, accordingly, the youth could not discharge the historical mission they assumed before the times, in the dark period of Japanese imperialist rule, the reporter stressed:

It was in such historical period when the entire fellow-countrymen were undergoing national calamities, the youth movement was groping in darkness and our people and youth were craving for a Leader, that Comrade Kim Il Sung, the great sun of the nation, took the road of revolution, taking upon himself the destiny of the country and the nation.

From the moment the great Leader Comrade Kim Il Sung set out on the road of revolution, the dawn broke on the road ahead of the Korean revolution and a truly new history of the Korean communist youth movement began.

Great Leader Comrade KIM IL SUNG Calls at People's Army Unit to Congratulate One-Beats-a-Hundred Combatants on the 23rd Birthday of the Heroic Korean People's Army

In our country now, all are engaged as one in the "100-day battle," adding spurs to the grand Chollima march with redoubled vigour for the pre-schedule fulfilment of the plan for this year, the first year of the Six-Year Plan, and for the acceleration of the complete victory of socialism and the nation-wide victory of the revolution, wholeheartedly upholding the programmatic report made by the great Leader Comrade Kim Il Sung at the historic Fifth Congress of the Workers' Party of Korea and his New Year Address. In these grandiose circumstances our people and the officers and men of the People's Army had full-significant celebrations of the 23rd anniversary of the founding of the heroic Korean People's Army with the feelings of boundless reverence for Comrade Kim Il Sung, the respected and beloved Leader of our Party and the 40 million Korean people, who founded our People's Army, the direct successor to the anti-Japanese armed struggle, and brought it up into the one-beats-a-hundred revolutionary armed force — an army of cadres and a modernized army.

On the auspicious day of February 8, the great Leader Comrade Kim Il Sung, General Secretary of the Central Committee of the Workers' Party of Korea and Premier of the Cabinet of the Democratic People's Republic of Korea, paid a visit to the unit of the Korean People's Army to which Comrade Kwon Song Rin belongs and congratulated the one-beats-a-hundred combatants on their holiday.

Put up in and outside the neat and clean barracks were militant slogans reading "Long live Marshal Kim Il Sung!" "Long live the Workers' Party of Korea!" "Let us arm ourselves firmly with the *Juche* idea of the great Leader Marshal Kim Il Sung!" and "Let us defend with our lives the Central Committee of the Party headed by Marshal Kim Il Sung!"

A guard of honour was lined up in front of the barracks, and the armymen of the unit were standing in rows with bouquets of flowers in their hands, waiting for the arrival of the fatherly Leader.

As they were accorded the great honour of celebrating the significant red-letter day in the presence of the great Leader of revolution Comrade Kim Il Sung, ever-victorious iron-willed brilliant commander and military strategist-genius, all their faces were expressive of an infinite joy over and pride in having a chance to show him how stalwartly they have grown up into one-beats-a-hundred revolutionary fighters.

At 4:30 in the afternoon, **the great Leader of our Party and the 40 million Korean people Comrade Kim Il Sung, ever-victorious iron-willed brilliant commander, founder of the heroic Korean People's Army and benevolent father of the armymen, arrived at the unit.**

At the moment the stormy cheers of the servicemen "Long live Comrade Kim Il Sung, the great Leader!" shook the barracks, resounding through the hills around.

Looking up to the fatherly Leader, the servicemen of the unit shouted *manse* (hurrah) at the top of their voices. All their hearts were overflowing with unbounded reverence for and trust in and intense loyalty to the great Leader of revolution Comrade Kim Il Sung who brought into being the deep and strong roots of our Party and people's armed forces in the thick of the 15-year-long heroic anti-Japanese armed struggle, founded on the very roots the heroic Korean People's Army, led to victory the just Fatherland Liberation War of our people against the U.S. imperialist aggressors, set forth the great military line of self-defence and vigorously organized and mobilized our Party, people and People's Army to its implementation and thus turned our country into an unconquerable socialist power where an all-people, all-nation defence system has been solidly established with the People's Army as its core.

The great Leader Comrade Kim Il Sung was met on the spot by Comrade Colonel General Han Ik Su, Director of the General Political Bureau of the Korean People's Army, and other generals of the People's Army and cadres of the unit.

Women soldiers presented Comrade Kim Il Sung, the respected and beloved Leader and the benevolent father, with bouquets of fragrant flowers carrying the feelings of infinite adoration cherished by the officers and men of our People's Army and the entire servicemen of the unit.

After reviewing the guard of honour, the great Leader Comrade Kim Il Sung slowly walked over to the servicemen standing in columns all along the way, waving to their enthusiastic cheers with a benign smile on his face.

That day, the respected and beloved Leader Comrade Kim Il Sung conversed with officers and men of the unit about the problems arising in the increase of the fighting capacity of the unit and the further perfection of its combat readiness and about the study and life of the servicemen and looked after their combat and political training and their life with warm, paternal affection.

He posed for a photograph together with the servicemen of the unit and saw a performance given by its art circle members in celebration of the 23rd birthday of the heroic Korean People's Army.

The servicemen of the unit who significantly celebrated the 23rd founding anniversary of the heroic Korean People's Army with the personal attendance of the great Leader of revolution Comrade Kim Il Sung, renewed their burning determination to arm themselves firmly with his great revolutionary idea, *Juche* idea, and guard and defend the Leader with their lives in any adversity, further intensify their combat and political training and prepare themselves thoroughly as one-beats-a-hundred soldiers wholeheartedly upholding the programmatic tasks advanced by the great Leader at the Fifth Party Congress and in his New Year Address and thus reliably safeguard the gains of the revolution and staunchly fight to the end for achieving the unification of the fatherland and the nation-wide victory of our revolution.

The great Leader Comrade Kim Il Sung, on a visit to a unit of the People's Army on the 23rd birthday of the Korean People's Army, responds to the enthusiastic cheers of the one-beats-a-hundred servicemen

The Korean People's Army under Outstanding Leadership of Ever-Victorious Iron-Willed Brilliant Commander Marshal KIM IL SUNG Is an Invincible Revolutionary Armed Force

Grand Pyongyang City Meeting Held in Celebration of 23rd Birthday of Korean People's Army

A grand Pyongyang city meeting was held on February 7 at the Pyongyang Grand Theatre in celebration of the 23rd birthday of the Korean People's Army.

The celebration meeting opened with the playing of the Patriotic Song.

Comrade Colonel General Han Ik Su, Secretary of the Central Committee of the Workers' Party of Korea and Director of the General Political Bureau of the Korean People's Army, made a report.

He said:

On this significant, historical holiday, I, conveying the feelings of loyalty of the entire Korean people and officers and men of the ground, naval and air forces of the Korean People's Army and the People's Garrison, extend the warmest gratitude and highest honour to the great Leader of our Party and the 40 million Korean people Comrade Kim Il Sung, founder of the Korean People's Army, ever-victorious iron-willed brilliant commander and military strategist-genius, who always leads our people and the People's Army to victory and glory.

Noting that the Korean People's Army is the army of the glorious Workers' Party of Korea and the revolutionary army whose strong roots were grown by Comrade Kim Il Sung, the great Leader of revolution, through his long-drawn-out revolutionary activities and which was founded by him in the struggle against the enemies at home and abroad, the reporter went on:

From the first days of his revolutionary activities in his early age Comrade Kim Il Sung, the great Leader, attached great significance to revolutionary violence and revolutionary armed forces and brilliantly solved the question of building armed forces in conformity with the demand of the development of the revolution.

Comrade Kim Il Sung, the great Leader of revolution, on the basis of his scientific analysis of the situation created in our country in the early 1930's and the experiences of the revolutionary movement in the preceding period, advanced the original line of the anti-Japanese armed struggle, founded the Anti-Japanese Guerilla Army with progressive-minded workers, peasants and patriotic youth and organised and led the heroic anti-Japanese armed struggle for 15 years.

The immortal exploits performed and experiences accumulated in the course of the anti-Japanese armed struggle are the deep and strong roots of our People's Army and the precious revolutionary asset which is the source of its invincible strength today and tomorrow.

After the liberation, Comrade Kim Il Sung, the great Leader of revolution, put forth in time a wise line of founding a regular revolutionary armed force by the internal forces of the Korean people and powerfully pushed ahead with the preparations for the founding of a people's armed force.

Comrade Kim Il Sung, the great Leader of revolution and ever-victorious iron-willed brilliant commander, on the basis of ample preparations, declared on February 8, 1948, the founding of the Korean People's Army to the whole world.

The founding of the Korean People's Army was the brilliant embodiment of the great military programme of Comrade Kim Il Sung, the outstanding Leader, who drew up a plan for the founding of a powerful regular army in the days of the arduous anti-Japanese armed struggle and the precious fruition of his protracted, energetic struggle for the building of a people's armed force.

The founding of the Korean People's Army was a brilliant victory won by our people, who seized power in their hands, in the fruitful struggle for the building of a rich and powerful, independent, sovereign state under the wise leadership of Comrade Kim Il Sung, the great Leader; it was a great event of historic significance in the revolutionary struggle of our people marching towards the bright future of socialism and communism.

With the founding of the Korean People's Army our people came to reliably defend with their own strength the independence and freedom of the fatherland from imperialist aggression and became a proud people of an independent, sovereign state with a powerful regular army.

The reporter went on:

Comrade Kim Il Sung, the great Leader, said as follows:

"...The People's Army has vigorously traversed the glorious path of victory under the leadership of our Party....

"Through its heroic and self-sacrificing struggle, the People's Army has accomplished with honour the revolutionary tasks it assumed before the fatherland and the people and has recorded brilliant achievements in the history of the revolution of our Party, a history which will shine for generations to come."

For the past 23 years since its founding the People's Army has been singleheartedly loyal to Comrade Kim Il Sung, the great Leader, and honourably defended the socialist fatherland and the gains of the revolution through the fierce struggle against the U.S. imperialists and their stooges.

The three-year war forced on us by the U.S. imperialists was a life-and-death struggle for us—whether to defend the independence of the fatherland and the honour of the nation or to become colonial slaves of the U.S. imperialists. It was the most rigorous trial for our Party, people and People's Army.

In this period Comrade Kim Il Sung, the ever-victorious iron-willed brilliant commander and great Leader of our Party and the 40 million Korean people, organised and mobilized all forces in the just war against the armed invasion of the U.S. imperialists and their stooges, put forward a brilliant strategic and tactical line in each period and each stage of the war, thereby leading our people and People's Army to brilliant victory.

Our people and People's Army smashed to smithereens the myth about the "mightiness" of the U.S. imperialists for the first time in history, started them on the downgrade and opened a new era in the anti-imperialist, anti-U.S. imperialist struggle by winning a great victory in the Fatherland Liberation War.

In the postwar period, too, the People's Army smashed all the military provocations which the U.S. imperialist aggressors, far from drawing a lesson from their defeat in the Korean war, committed almost every day to ignite a new war in Korea and has reliably defended the revolutionary cause of our Party and our people for the socialist revolution and socialist construction.

Pointing out that our People's Army has covered a glorious path and accomplished brilliant exploits in the past period, the reporter said: This is attributable to the fact that the great Leader of revolution Comrade Kim Il Sung founded the military idea of self-defence, the guiding principle which the Marxist-Leninist Party should strictly adhere to in the military domain, and put forth a most correct line for strengthening the country's defence power in each period and each stage of the development of the revolution and brilliantly guided the struggle for its implementation.

The reporter continued:

The idea of self-defence propounded by the great Leader Comrade Kim Il Sung is an original military idea which embodies his *Juche* idea in the field of national defence, and a great idea making it possible to reliably defend the fatherland and the people from imperialist aggression and firmly guaranteeing socialist and communist construction.

The military idea of self-defence propounded by the brilliant Leader Comrade Kim Il Sung is a great idea which gives the basic principle to be firmly adhered to by the revolutionary parties of the working class and Communists in military affairs and is the most powerful ideological and theoretical weapon which ensures victory in the struggle against imperialist aggression.

Saying that the great Leader of revolution Comrade Kim Il Sung not only founded the military idea of self-defence but also set forth an original strategic line for its implementation, the revolutionary line of carrying on economic construction and defence upbuilding in parallel, to make our defence potentials as strong as an iron wall, the reporter continued:

Along with a pre-eminent strategic line for carrying into effect the revolutionary idea of self-defence, the great Leader of revolution Comrade Kim Il Sung put forward a policy and original military line for firmly arming the army and people politically and ideologically.

The great Leader Comrade Kim Il Sung said as follows:

"To strengthen our defence power it is essential to carry through the military line of our Party on the basis of equipping the army and the people politically and ideologically. Having defined it as the basic contents of its military line to train our army into a cadre army, modernize it, arm the entire people and turn the whole land into a fortress, our Party has exerted tireless efforts to put them into practice and already attained great successes in this respect."

By advancing the original military line the great Leader Comrade Kim Il Sung gave the first scientific exposition of the basic contents of the military line to be adhered to by the Marxist-Leninist Party and clearly indicated the way for reinforcing the defence power to successfully repulse the imperialist armed aggression of any form on one's own strength.

Our Party's military line whose basic contents are to train the whole army into a cadre army, modernize it, place the entire people under arms and turn the whole country into a fortress is the solely correct military line which makes it possible to firmly build up the country's defence power on the basis of the superiority of the socialist system and in conformity with the characteristics and demand of modern warfare and set up an all-people, all-nation defence system with the regular revolutionary armed forces as the core.

The military line charted by the great Leader Comrade Kim Il Sung is, indeed, a revolutionary line which embodies his *Juche* idea and steadfast anti-imperialist revolutionary stand and a great Marxist-Leninist military programme for building revolutionary armed forces and augmenting the national defence capacities.

Noting that the great Leader Comrade Kim Il Sung has led our people and People's Army to brilliant victory not only by advancing the military line of self-defence but also by creating the original military strategy and tactics and ever-victorious art of war, the reporter said:

By founding the great military idea and military theory and expounding the original military line and policy the outstanding Leader Comrade Kim Il Sung, the ever-victorious iron-willed brilliant commander and military strategist-genius, opened the road of new fundamental turn in the solution of the question of defence upbuilding and the building of revolutionary armed forces and made an immortal contribution to the development of the Marxist-Leninist military idea and military theory.

The reporter went on:

Comrade Kim Il Sung, the great Leader of revolution, indicated the clear-cut directions and concrete ways for the defence upbuilding and the strengthening of the people's armed forces in each period and organized and guided in person the work for their implementation.

Busy as he was with the state affairs he called on the servicemen of the People's Army and People's Garrison and gave minute teachings so that they might successfully implement the Party's military line and policy and inspired them and looked after the training and study of the servicemen and their duty and life down to details with the affection of a real father.

The great Leader Comrade Kim Il Sung said as follows:

"We have built up a firm self-defence posture by carrying out a tremendous work for strengthening the People's Army in every way and, at the same time, for arming the entire people and turning the whole country into a fortress.... We can say with confidence that we have a steel-strong defence power in the northern half of the Republic capable of countering any imperialist aggression."

As a result of the brilliant implementation of the Party's line of training the whole army into a cadre army and modernizing the whole army under the guidance of the great Leader Comrade Kim Il Sung, our People's Army has strengthened into a one-beats-a-hundred cadre army firmly prepared politically and ideologically and in military technique and infinitely loyal to the Leader and into an invincible revolutionary armed force with the powerful means for attack and defence.

The prevailing situation and the revolutionary tasks facing us make it incumbent upon us to further strengthen the self-defence capabilities of the country, the reporter stressed.

He noted that the U.S. imperialists are further intensifying the aggressive acts against the socialist countries and the national independent countries and are scheming, while spearheading aggression against Asia, to further escalate the war of aggression in the whole area of Indochina — Vietnam, Laos and Cambodia.

In particular, the U.S. imperialists are frantically trying as never before to provoke a new war in our country and zealously inveigling the Japanese militarists in their manoeuvres to unleash a new war in Korea in accordance with their notorious "new Asia policy," the reporter pointed out.

He denounced the Japanese militarists for having already stretched their talons of aggression deep into all fields of South Korea, political, economic, cultural and military.

The Pak Jung Hi puppet clique of South Korea, dual stooges of the U.S. and Japanese reactionaries, are running riot with greater frenzy to execute the war policy of their masters, the reporter stressed, and went on:

The situation of our country has been strained to the extreme due to the manoeuvrings of aggression and war of the U.S. imperialists and their stooges and a dangerous situation which may lead to the outbreak of a war at any moment has been created in our country.

The prevailing situation makes it necessary to maintain a high degree of revolutionary vigilance and build up the defence capacity of the country as firm as an iron wall to repulse at one stroke any reckless adventure of the aggressors.

The reporter referred in detail to the tasks for strengthening the People's Army.

Saying that infinitely inspired by the strategic and tactical line of the South Korean revolution put forth by Comrade Kim Il Sung, the great Leader of the 40 million Korean people, and the proud successes made in the northern half of the Republic under the guidance of the Leader, today the South Korean revolutionaries and patriotic people, closely rallied around the Revolutionary Party for Reunification, the true defender of their national and class interests and the reliable political General Staff, are vigorously waging the heroic anti-U.S. imperialist, national-salvation struggle underground and in mountains, in prison and on the gallows, the reporter stressed:

With the powerful support and encouragement of the people in the northern half of the Republic and the active support of the revolutionary people throughout the world, the South Korean people will surely overthrow the colonial rule of U.S. imperialism and its stooges, the Pak Jung Hi puppet clique, and win the ultimate victory of the revolution.

Speaking of the necessity of strengthening solidarity with the international revolutionary forces, the reporter said:

Under the condition where the U.S. imperialists spearhead aggression against Asia, we will do our best to further strengthen the anti-imperialist, anti-U.S. imperialist united front of all the revolutionary peoples of Asia including Korea, China, Vietnam, Laos and Cambodia subjected to the direct aggression of U.S. imperialism and develop the anti-U.S. imperialist joint struggle.

The reporter stressed that our Party and people greatly treasure the unity and cohesion of the socialist countries fighting against imperialism and for the common cause of socialism and communism and will make all efforts for it.

The reporter emphasized:

Comrade Kim Il Sung, the great Leader, sternly declared at the historic Fifth Congress of the Workers' Party of Korea:

"Our people do not want to provoke others first but will never allow anyone to provoke them even a little. We are striving to prevent war, but we are never afraid of it. If the imperialists jump at us by force of arms, we shall destroy the aggressors to a man so that they may not return home alive."

The stand of our Party and our people is unshakable and our revolutionary cause is just. No force on earth can block the road ahead of our people who are confidently advancing for their just cause.

In conclusion the reporter stressed:

Only victory and glory are in store for our people and People's Army who are fighting for the cause of socialism and communism under the wise and seasoned leadership of Comrade Kim Il Sung, the brilliant Leader of revolution.

There was a performance of the ensemble of the Korean People's Army after the meeting.

Army Day celebration meetings were held extensively throughout the country.

As was already reported, the Ninth Congress of Chongryon (the General Association of Korean Residents in Japan) was held in Tokyo from January 29 to 31, according to a KNS report from Tokyo.

Han Dok Su, Chairman of the Central Standing Committee of Chongryon, made the report on the work of the Chongryon Central Committee at the first-day session of the Congress.

Characterizing the period from the Eighth Congress of Chongryon up to date as a significant period which holds the most brilliant place in the whole history of the development of the work of Chongryon, Chairman Han Dok Su declared in the report that the greatest success of Chongryon in the period under review was the arming of the Chongryon functionaries and Korean compatriots in Japan with the great revolutionary idea, the *Juche* idea, of Marshal Kim Il Sung, the respected and beloved Leader, and firm establishment of the ideological system of *Juche* among them.

All the successes made by the Chongryon functionaries and compatriots in Japan in the past period are the precious fruition of the wise leadership and paternal solicitude of Marshal Kim Il Sung, the respected and beloved Leader, Chairman Han Dok Su stressed.

He went on:

There are many countries and leaders on the globe, but we do not know yet such benevolent and great Leader as Marshal Kim Il Sung, the fatherly Leader, who shows profound love and all solicitude for the compatriots in an alien land.

I, in the name of the entire compatriots in Japan, extend the highest honour and deepest thanks to Marshal Kim Il Sung, the great Leader of the 40 million Korean people, who founded the immortal *Juche* idea, leads the Korean people always along the road of victory and glory, shows warm care all the time for the Chongryon functionaries and compatriots in Japan and has brought us brilliant victory and great success.

In the first part of the report "The Banner of the Great *Juche* Idea," Chairman Han Dok Su referred to the great theoretical and practical significance of the historic report of Marshal Kim Il Sung, the great Leader of the 40 million Korean people, to the Fifth Congress of the Workers' Party of Korea in the development of the Korean revolution and the world revolution.

He expressed the determination of the Chongryon functionaries and compatriots in Japan to develop the work of Chongryon onto a new phase and make a greater contribution to the promotion of the cause of the unification of the fatherland, in pace with the people in the homeland in their grand struggle, upholding the programmatic tasks set forth by the respected and beloved Leader in his report.

In the second part of the report "Brilliant Results," Chairman Han Dok Su reviewed the proud successes achieved by Chongryon with the great *Juche* idea of Marshal Kim Il Sung, the respected and beloved Leader, as the only guide and under the warm care of the respected and beloved Leader during the period under review.

The reporter quoted the words the great Leader of the 40 million Korean people Marshal Kim Il Sung said in his congratulatory letter to the Congress:

"Since Chongryon was firmly consolidated organizationally and ideologically and its prestige rose and its influence increased as never before, during the period under review the compatriots in Japan could successfully defend their national interests and rapidly expand and develop the patriotic movement even in the capitalist circumstances, far away from the homeland, and make precious achievements which will shine forever in the history of the liberation movement of the Korean people and their movement for the unification of the fatherland. This is a proud success which cannot be seen in world history of the movement of overseas compatriots."

The reporter emphasized:

To thoroughly embody the immortal *Juche* idea founded by the respected and beloved Leader Marshal Kim Il Sung in the work of Chongryon is the basic task of Chongryon which was formed in accordance with the great *Juche* idea and takes the *Juche* idea as its sole guide.

The great *Juche* idea of the respected and beloved Leader Marshal Kim Il Sung is not only the unshakable guiding idea of the Democratic People's Republic of Korea and the only correct guide guaranteeing freedom, liberation and national prosperity to the Korean people, but also the ever-victorious great banner of Chongryon and the compatriots in Japan and their powerful ideological, theoretical and practical weapon.

The embodiment of the great *Juche* idea of the respected and beloved Leader Marshal Kim Il Sung in the patriotic work and life of the compatriots in Japan has been an inevitable demand, in connection with the situation of the compatriots in Japan, the reactionary ideological offensive of the enemies within and without and the grave consequences of flunkeyism and national nihilism in the movement of Koreans in Japan, and this has been in full accord with the aspiration of the compatriots in Japan, too.

The immortal revolutionary idea, the *Juche* idea, of the respected and beloved Leader Marshal Kim Il Sung is the decisive guarantee for the successful fulfilment of all the tasks of Chongryon and its victory.

During the period under review Chongryon, therefore, directed primary attention to firmly establishing the ideological system of *Juche* of Marshal Kim Il Sung, the respected and beloved Leader, and cementing the unity and cohesion of the ranks on the basis of that system.

The greatest success achieved by Chongryon in the period under review is that it has armed the Chongryon functionaries and compatriots in Japan with the great revolutionary idea, the *Juche* idea, of Marshal Kim Il Sung, the respected and beloved Leader, and firmly established the ideological system of *Juche* among them.

This is the most shining victory won in the work of Chongryon in the period under review, and is of fundamental significance in the life of the Chongryon functionaries and compatriots in Japan.

Today, the functionaries of Chongryon and compatriots in Japan boundlessly respect and absolutely trust Marshal Kim Il Sung, the brilliant Leader of revolution, and take it as the immovable creed to know no other idea but the revolutionary ideas of the Leader, firmly guard and protect the Leader and remain loyal to him forever.

During the period under review, Chongryon has consolidated the unity and cohesion of the functionaries and compatriots on the basis of the great *Juche* idea of Marshal Kim Il Sung, the respected and beloved Leader of the 40 million Korean people, and built up more firmly its organisation into a reliable organisation capable of fulfilling any difficult and majestic tasks.

Chairman Han Dok Su reviewed the successes made and experiences accumulated by Chongryon in its work for strengthening the unity of the functionaries of Chongryon in thought and will and firmly building up the ranks of functionaries to thoroughly establish the system of the great *Juche* idea of the respected and beloved Leader in its ranks, in the work for embodying in its work the Chongsan-ri spirit and Chongsan-ri method personally founded by the great Leader and strengthening the political and ideological unity of the functionaries of Chongryon and compatriots in Japan, in the work for firmly building up the organisations of compatriots of different strata and branch organisations of Chongryon and in the work of political and ideological education.

Referring to the struggle of the compatriots in Japan for defending the democratic, national rights, Chairman Han Dok Su said:

During the period under review Chongryon has firmly defended the DPRK citizenship of the compatriots in Japan, frustrating all kinds of persecution and plots of the enemy, educated and brought up better the students as workers faithful to the fatherly Leader by establishing *Juche* more firmly in the school education, made many successes in researches helpful to the socialist construction of the fatherland and patriotic work of Chongryon by overcoming flunkeyism, dogmatism and national nihilism and establishing *Juche* in the scientific researches, energetically conducted literary and art activities with the *Juche* idea of the Leader on literature and art as the guide and popularised physical culture and sports, faithfully following the *Juche* idea of the Leader on physical culture and sports.

During the period under review, Chairman Han Dok Su said, Chongryon has given invariable precedence to firmly establishing the ideological system of *Juche* of the Leader in the work for the unification of the fatherland, always regarding it as the key to the success of Chongryon in its work.

Upholding the strategic and tactical lines of Marshal Kim Il Sung, the respected and beloved Leader, for national unification, Chongryon has further strengthened the work for national unity with the compatriots under the influence of "Mindan" (the "ROK Residents' Association in Japan") to firmly rally as one the patriotic forces of the Korean citizens in Japan under the banner of the unification of the fatherland.

Chongryon has fully exposed and denounced the manoeuvres of the U.S. imperialists and their stooges, the Pak Jung Hi puppet clique, for the provocation of a new war in Korea and their brutal colonial military fascist rule and actively supported the struggle of the patriotic people of South Korea for driving the U.S. imperialist aggressor army out of South Korea and sweeping away the Pak Jung Hi puppet clique.

Chongryon has also fully exposed the treacherous color and criminal acts of the Pak Jung Hi puppet clique, the dual stooges of the U.S. imperialists and the Japanese militarists, and actively supported and encouraged the struggle of the South Korean people against the re-invasion of South Korea by the Japanese militarists revived under the aegis of the U.S. imperialists.

During the period under review, Chongryon has organised and mobilised a total of 2,400,000 compatriots in the mass political and propaganda work for national unification and in the work for national unity and distributed over 26,000,000 copies of various propaganda materials to build up a widespread public opinion within and without denouncing the war manoeuvres of the U.S. imperialists and their stooges and demanding the prompt withdrawal of the U.S. imperialist aggressor army from South Korea.

Chongryon warmly supported and welcomed the formation of the Central Committee of the Revolutionary Party for Reunification and publication to the whole world of its Manifesto and Programme by the South Korean revolutionaries infinitely loyal to Marshal Kim Il Sung, the respected and beloved Leader of the 40 million Korean people, through the active implementation of the great strategic and tactical lines of the Leader on the South Korean revolution and national unification.

Chairman Han Dok Su touched upon the successes made by Chongryon in its external activities during the period under review, upholding the *Juche* idea of Marshal Kim Il Sung, the great Leader, and the independent and principled foreign policy of the Workers' Party of Korea and the DPRK Government, the embodiment of the idea.

Chairman Han Dok Su went on:

During the period under review, the international prestige of the DPRK has risen as never before and the external position of Chongryon has likewise become immovable thanks to the wise leadership of Marshal Kim Il Sung, the great Leader, and his high international prestige.

All the successes made by Chongryon in its external activities are a brilliant victory of the great *Juche* idea of Marshal Kim Il Sung, the respected and beloved Leader, and they clearly prove the justness of the independent and principled foreign policy advanced by the Leader.

The Korean compatriots in Japan have become firmly convinced through the experiences of their life that any success in the work of Chongryon is unthinkable apart from the immortal *Juche* idea of the great Leader Marshal Kim Il Sung, which is the highest peak in the development of human thought.

In the third part of the report "To Build Up More Reliably the Organisation of Chongryon" Chairman Han Dok Su referred to the tasks for firmly building up organisationally and ideologically the organisation of Chongryon in conformity with the demand of the obtaining situation and the development of the work of Chongryon.

Chairman Han Dok Su said:

Marshal Kim Il Sung, the respected and beloved Leader, taught us:

"Chongryon should in the future, too, as in the past, take only the great *Juche* idea as its sole guiding compass and thoroughly carry it into effect to consolidate the already-made successes, further develop them, thoroughly defend the national interests and democratic rights of the compatriots in Japan and to make a due contribution to the fatherland and the nation."

Chairman Han Dok Su continued:

We should continue to direct main efforts to the work for thoroughly establishing the unitary ideological system of Marshal Kim Il Sung, the respected and beloved Leader, among all the functionaries of Chongryon and the compatriots, always regarding it as a vital question deciding the destiny of the compatriots in Japan and as the key to the success of Chongryon in its work.

In the fourth part of the report "To Firmly Defend the Democratic, National Rights" Chairman Han Dok Su dwelt on the tasks for decisively frustrating the vicious persecution and suppression of the Korean citizens in Japan by the reactionaries within and without and resolutely defending the democratic, national rights.

Chairman Han Dok Su pungently denounced the Japanese militarists for becoming ever more undisguised in their policy of hostility towards the Democratic People's Republic of Korea and intensifying, as a link in this, the persecution and suppression of the Korean compatriots in Japan after the "U.S.-Japan joint statement" was made public.

Chairman Han Dok Su pointed in the fifth part of his report "To Promote the Unification of the Fatherland" to the tasks of the Chongryon functionaries and compatriots in Japan for making a greater contribution to the promotion of the independent unification of the fatherland, keeping pace with the people in the North and South of the fatherland in their grand struggle, upholding the programmatic report made by the respected and beloved Leader at the historic Fifth Congress of the Workers' Party of Korea.

Marshal Kim Il Sung, the respected and beloved Leader, taught us:

"Today there is no weightier and more urgent task for us Korean people than to unify the split fatherland.

"While strengthening the work for national unity and forcefully waging the anti-U.S., national-salvation struggle, the Chongryon should support and encourage in every way the righteous struggle of the South Korean people for driving out the U.S. imperialist aggressors, smashing the reinvasion manoeuvres of the Japanese militarist forces and overthrowing the present military fascist regime, thus making an active contribution to accelerating the independent unification of the fatherland."

All the compatriots of national conscience in Japan who aspire after the unification of the fatherland, upholding the programmatic teachings of Marshal Kim Il Sung, the great Leader of the 40 million Korean people, should vigorously rise up in the sacred all-out struggle for chasing the U.S. imperialist aggressors out of South Korea, sweeping away their stooges and bringing earlier the independent unification of the fatherland.

Chongryon will more energetically wage the anti-U.S. imperialist, national-salvation struggle against the occupation of South Korea by U.S. imperialism and for the acceleration of the independent unification of the fatherland by the united strength of the compatriots in Japan.

In the sixth part of the report "To Strengthen International Solidarity," Chairman Han Dok Su dwelt on the tasks for strengthening solidarity with the Japanese people and the anti-imperialist, anti-U.S. imperialist peace-loving forces of the world, upholding the teachings of Marshal Kim Il Sung, the respected and beloved Leader, on the external activities.

Chongryon will give an active support and encouragement to the struggle of the Japanese people and the Asian and world peoples against Japanese militarism and further strengthen solidarity with them.

Chairman Han Dok Su stressed in conclusion:

The entire Chongryon functionaries and compatriots in Japan, upholding the programmatic report made by Marshal Kim Il Sung, the respected and beloved Leader, at the historic Fifth Congress of the Workers' Party of Korea, will wage a stauncher struggle in step with the people in the homeland in their great Chollima march to make the 1970's a glorious epoch of achieving national unification.

Our functionaries and compatriots will, in the future, too, as in the past, remain single-heartedly faithful to Marshal Kim Il Sung, the respected and beloved Leader, to the end and will fight with all devotion for the fatherland and the people.

Only new victory, glory and brilliant future are in store for us who are advancing with the conviction of certain victory and unbreakable fighting spirit, faithfully following the leadership of the great and sagacious Leader.

Let us all advance more energetically for the fulfillment of the historical tasks set forth by the Fifth Congress of the Workers' Party of Korea, rallied rock-firm around Marshal Kim Il Sung, the respected and beloved Leader of the 40 million Korean people, peerless patriot, national hero, ever-victorious iron-willed brilliant commander and one of the outstanding leaders of the international communist and working-class movements.

"100-Day Battle" Brings About Innovations in Steel and Metal Production

Immensely encouraged by the grand prospects of the Six-Year Plan mapped out by the respected and beloved Leader Comrade Kim Il Sung and his New Year Address, the heroic working class and all other working people of our country have created new innovations and miracles from the first round of their battle in the New Year and are now in the midst of the "100-day battle" in soaring spirits.

In this battle which started on January 5, the workers in the field of metallurgical industry including iron works and steel plants are showing spectacular examples.

The steelmakers of the Chollima Hwanghae Iron Works, introducing advanced techniques into steel production, have increased their daily output 1.5 times and more since they launched the "100-day battle," bearing in their minds the programmatic teaching of the Leader that the struggle for fulfilling or overfulfilling the plan for 1971 is a struggle for making a breach for the successful implementation of the magnificent tasks of the Six-Year Plan.

The workers of this works are making continuous innovations and uninterrupted advance to successfully carry out the plan for this year which is considerably bigger than that for 1970, which was the highest in the rate of production growth during the whole period of the Seven-Year Plan.

The great Leader Comrade Kim Il Sung taught as follows:

"We are still on the road of revolution. We can never rest content with the successes already gained. Self-complacency and stagnation are tabooed to revolutionaries; there can be only struggle and advance, creation and innovation for us."

The steelmakers infinitely loyal to the Leader have scored big successes in production since the outset of this year. But knowing no self-complacency with this and overcoming manifold obstacles and difficulties, they finished the reconditioning of their furnaces in only 6 days, which it was said would take them 15 days. Further, by introducing advanced techniques, they lengthened the life of the furnaces more than four times.

At furnaces No. 2 and No. 3 and a number of other furnaces, they worked hard to turn out more molten iron by reducing the time of a heat by two hours to two and a half hours as compared with last year and thus succeeded in having three heats a day in steel production.

Particularly, the smelters of Furnace No. 4 have made such an innovation as to shorten the time of a heat by more than three hours through the application of a new heating method, thereby leading the van in steel making at the works.

New miracles are taking place also at the Hungnam Smeltery.

This smeltery has introduced continuous charging and discharging methods into production and raised its daily output 1.5 times and upwards.

The application of this method of work has enabled the smelters of the twice Chollima Furnace No. 1 and Furnace No. 3 to process 1.3 times more ore a day and fulfil their daily quotas at 150 per cent or more.

The hard alloy shop of the smeltery has introduced of late 10-odd valuable technical innovation devices into production and increased the output of hard alloy more than 1.3 times that in the corresponding period of last year. This is the way they are striving to come off the victor in the "100-day battle."

Greater successes are being registered in the labour struggle of the workers at the rare-metal shop of the smeltery who turned out in the "100-day battle" with a firm determination to fulfil the first half year plan by April 15, the yearly plan before the 23rd founding anniversary of the DPRK (September 9) and the Six-Year Plan two years or more ahead of the set time.

The workers of this shop have raised their output as high as 10 times by applying a two-stage continuous forging method.

The whole country is now seething with a vigorous struggle to make a breach for the fulfilment of the Six-Year Plan.

More Chemical Fertilizers Produced in the Thick of "100-Day Battle"

The workers of the Sunchon Nitro-lime Fertilizer Factory who remarkably overfulfilled their fertilizer production plan for January by vigorously waging the "100-day battle," whole-heartedly upholding the programmatic report delivered by the respected and beloved Leader Comrade Kim Il Sung at the historic Fifth Congress of our Party and his New Year Address, have boosted the output of fertilizer 1.4 times by effecting uninterrupted innovations with the same spirit and mettle.

The respected and beloved Leader Comrade Kim Il Sung taught as follows:

"Well begun is half done, as it is said, and whether to successfully carry out the Six-Year Plan as a whole or not largely depends upon how the first battle of this year is fought."

The workers of this factory rose up in the "100-day battle" with redoubled courage, visualizing the brilliant future when the Six-Year Plan will be fulfilled. Bearing deep in mind the teaching of the Leader, they all unrolled a vigorous emulation drive to discharge their assignments twice or thrice improving the technical management of equipment and strictly following the standard working method in order to turn out greater quantities of chemical fertilizers.

The workers at the second fertilizer shop, while markedly raising the quality of fertilizer above the state standard, carried out eight days ahead of schedule the fertilizer production plan for January, which is set 1.8 times higher than that of the corresponding period of last year. The workers at the first fertilizer shop also increased the fertilizer output 1.4 times in the middle of January as compared with the first part of the month through better technical management of ovens.

The Red workers at the carbide shop, having organized inter-furnace or inter-workteam competition, are all overfulfilling their daily quotas by far through proper technical management of electric furnaces to put out even one gram more of high-quality carbide for the fertilizer producers.

Also, the Hungnam Fertilizer Factory which fulfilled the January plan with credit in the course of the vigorous "100-day battle" is producing fertilizers in large quantities.

The workers at this factory who found the ways of production growth in the mass technical innovation and the increase of the capacity of the existing equipment have introduced more than 20 valuable technical innovation proposals into production and raised labour productivity to over 113 per cent.

In this way the Chollima superphosphate shop topped with flying colours its January assignment much greater than last year.

Displaying the collectivist spirit of helping and pulling each other along, the workers at the second ammonium sulphate shop have applied a new working method and upped the daily output two times over and above the plan.

Similar innovations are taking place at the synthesizing shop and many other workshops. The entire workers of the factory are afire with the determination to come off the victor in the "100-day battle."

They are continuing dynamic advance to honour the first quarter year plan more than one month ahead of the set time by effecting innovations in succession, dashing forward at the "Kangson speed," a new speed of Chollima.

Taking to heart the programmatic report made by the respected and beloved Leader of the 40 million Korean people Comrade Kim Il Sung at the Fifth Congress of the Workers' Party of Korea, the workers of the Hungnam Fertilizer Factory bring about new innovations in the production of chemical fertilizers with a burning desire to realize the chemicalization of agriculture at an early date

Statement of DPRK Foreign Ministry

The Korean People Will, in the Future, Too, as in the Past, Stand Firm on the Side of the Indochinese Peoples against the War of Aggression of U.S. Imperialism and Actively Support and Encourage Them with Might and Main till the Ultimate Victory

The Foreign Ministry of the Democratic People's Republic of Korea issued a statement on February 5 resolutely denouncing the U.S. imperialist aggressors for their new scheme for the expansion of the aggressive war against the Vietnamese, Laotian and other Indochinese peoples and fully supporting the statements of the Foreign Ministry of the Democratic Republic of Vietnam and the spokesman of the Central Committee of the Laotian Patriotic Front.

The statement said:

The U.S. imperialists are escalating with greater frenzy the war of aggression in the whole of Indochina.

Lately the U.S. imperialists are intensifying anew their bombing and shelling of the Democratic Republic of Vietnam, completely casting off the mask of the "suspension of bombing."

On the other hand, the U.S. imperialists are palavering that they will put the so-called "greatest military pressure," continuing the bestial bombing of the whole territory of Laos, southern Laos in particular.

All this is a crude infringement on the sovereignty and security of the Vietnamese and Laotian peoples and one more challenge to the peace-loving peoples of Asia and the rest of the world.

The Foreign Ministry of the Democratic Republic of Vietnam and the spokesman of the Central Committee of the Laotian Patriotic Front issued statements on February 1 denouncing the war escalation scheme of the U.S. imperialists.

The Government of the Democratic People's Republic of Korea and the entire Korean people pungently denounce the U.S. imperialist aggressors' new manoeuvrings to expand the war of aggression against the Vietnamese, Laotian and other Indochinese peoples and fully support the statements of the Foreign Ministry of the Democratic Republic of Vietnam and the spokesman of the Central Committee of the Laotian Patriotic Front.

The U.S. imperialists are now making desperate efforts to get out of the predicament in Vietnam, Laos and the rest of Indochina by escalating the war of aggression.

The warmaniacs of U.S. imperialism are spreading the flames of the war of aggression in the whole of Indochina, shamelessly declaring that they "will send all the available U.S. air force planes to any part of Indochina" for the "security" of the U.S. imperialist aggressor army in South Vietnam and the intensified bombing of Vietnam, Laos and Cambodia is the "best way for the protection of the lives" of the U.S. imperialist aggressor troops.

Seeing the programme of the "Vietnamization of war" faced with bankruptcy, the U.S. imperialists are intensifying the war of aggression by throwing en masse their aggressor troops and South Vietnamese puppet troops into the Laos-Vietnam border areas and reactionary Thai troops into the Bolovens High Plateau and, at the same time, are bombing southern Laos on an extensive scale by mobilizing hundreds of aircraft including "B-52" strategic bombers.

The war escalation being perpetrated under the signboard of the "security" and "protection of the lives" of the U.S. imperialist aggressor troops only exposes more clearly the brigandish and aggressive nature of U.S. imperialism and vividly shows that the "peace" strategy much vaunted by U.S. imperialism is nothing but a war strategy in its inverted form.

With no amount of desperate efforts can the U.S. imperialists break the iron determination of the Indochinese peoples to fight to the end to defend their national rights.

The U.S. imperialists' intensified aggression and war band together more firmly the Indochinese peoples on the one front against the enemy.

The peoples of Vietnam, Laos and Cambodia who are vigorously waging the anti-U.S. imperialist joint struggle are frustrating all the war escalation manoeuvres of the U.S. imperialists and their lackeys and bringing earlier the complete victory of the anti-U.S. imperialist, national-salvation struggle, dealing the scoundrels one serious blow after another.

The U.S. imperialist aggressors must discontinue without delay the brigandish war of aggression in Vietnam, Laos and the rest of Indochina and quit this region at once, taking along their aggressor troops and the troops of their satellite countries and puppets.

The Korean people will, in the future, too, as in the past, stand firm on the side of the Indochinese peoples against the war of aggression of U.S. imperialism and actively support and encourage them with might and main till the ultimate victory.

The U.S. imperialists must look straight at the present reality and desist from running riot. If the U.S. imperialist aggressors persist in the adventurous war escalation scheme against the Indochinese peoples, the scoundrels will be unable to escape the more powerful denunciation of all the peace-loving countries and progressive peoples of the world and will sustain an ignominious defeat in face of the more powerful counter-blow of the Indochinese peoples.

Sea-route of Repatriation of Korean Citizens in Japan to DPRK Reopens

Agreed Documents Signed between Delegations of DPRK Red Cross Society and Japan Red Cross Society

The sea-route of repatriation to the Democratic People's Republic of Korea, the daily prospering and developing, glorious fatherland, reopened for the Korean citizens in Japan thanks to the wise leadership and paternal solicitude of Comrade Kim Il Sung, the great Leader of the 40 million Korean people.

The delegations of the Red Cross Society of the Democratic People's Republic of Korea and the Japan Red Cross Society reached a complete unanimity of views after their long-drawn talks on the question of the repatriation of Korean citizens in Japan and signed on February 5 in Moscow a series of agreed documents — a joint statement, agreement and summary record on discussions, according to a report from Moscow.

These documents were signed on behalf of the DPRK Red Cross Society by Chon In Chol, Vice-Chairman of its Central Committee, and on behalf of the Japan Red Cross Society by Shigeo Tanabe, its Vice-President.

The signing ceremony was attended by all the members of the delegation of the DPRK Red Cross Society and all the members of the delegation of the Japan Red Cross Society.

Present on the occasion were Prof. G.A. Miterev, Chairman, F.G. Zakharov, First Vice-Chairman, and other functionaries of the Executive Committee of the Union of Red Cross and Red Crescent Societies of the USSR and many Soviet reporters and foreign correspondents in Moscow.

After the signing ceremony, the head of our delegation held a press conference.

Follow the basic contents of the agreement signed on February 5 between the delegations of the DPRK and Japan Red Cross Societies:

The repatriation of those who had made application for repatriation under the August 13, 1959, agreement on the repatriation of Korean citizens in Japan but had not been repatriated within the term of the agreement shall be conducted in accordance with the agreement.

A repatriation ship to carry home the unrepatriated persons shall be dispatched once or twice a month. The entry of the first repatriation ship into Niigata port under this agreement shall be made after a preparation period of 90 days counting from the day when this agreement will become effective and the repatriation under this agreement shall be finished at the end of six months counting from the day of the entry of the first repatriation ship into Niigata port.

The applicants for repatriation who cannot return to the homeland in this period shall return home in the same way as laid down in the "summary record on discussions" for those who will newly make applications for repatriation.

Under the summary record on discussions signed between the delegations of the DPRK and Japan Red Cross Societies on the fifth, the DPRK Red Cross Society will dispatch a ship to Niigata port to transport the repatriates.

As for dispatch of a repatriation ship, the DPRK Red Cross Society will arrange to dispatch the ship once every two or four months, but the dispatch shall be conducted each time the DPRK Red Cross Society receives a notice from the Japan Red Cross Society that the number of those who will get on board the ship has reached a considerable number (about 250-300) and both the DPRK and Japan Red Cross Societies shall have necessary contacts so that the preparations for dispatch of a ship can be done without hindrance.

The joint statement of the delegations of the DPRK and Japan Red Cross Societies signed on the fifth clarified that the repatriation of Korean citizens in Japan who desire to return home shall be continued according to the summary record on discussions separately signed, after the completion of repatriation under the above-said agreement.

The accords based on signed agreement and summary record on discussions are to come into effect from the day of their signing.

U.S. Imperialists' Dangerous Play with Fire for Another Aggressive War in Korea

The criminal machination of U.S. imperialism to unleash a new aggressive war in Korea is becoming more unscrupulous with every passing day.

According to news reports, the U.S. imperialists now bluster that they will bring more than 10,000 of their aggressor troops plus tanks and other heavy military equipment from the U.S. mainland to South Korea under the name of "freedom bolt" and conduct "the largest-scale airborne operation exercise in the world" in early March this year to stage a "joint operation" with the South Korean puppet army.

The U.S. imperialists brag that this is designed to make a "test of prompt counterattack capabilities" to cope with the "tense situation" in Korea and show the South Korean puppets their "resolve" to observe the so-called "defence commitments."

This reckless war manoeuvre of the U.S. imperialists is the most vicious provocation for further aggravating tension and igniting another aggressive war in Korea and is a dangerous play with fire seriously jeopardizing peace in Asia and the world.

Our people sternly condemn with surging indignation this grave war racket of U.S. imperialism.

The U.S. imperialists who conducted the criminal "Focus Retina airborne operation exercise" in March of 1969 are now planning to stage the "world's biggest airborne operation exercise." This strikingly shows to what extent they have gone in their frantic move to provoke an aggressive war in Korea.

The U.S. imperialists who are desperately trying to extricate themselves from the crisis of ruin have intensified their war of aggression in South Vietnam, Laos and Cambodia. On the other hand they have been knee-deep in their preparations for aggressive war, openly raving that the "next war will break out in Korea."

Especially, of late the U.S. imperialists are shipping into South Korea new-type weapons and operational materiel in a big way behind the smokescreen of political intrigue—"partial reduction" of the U.S. imperialist aggressor army occupying South Korea— and are making haste to reinforce the South Korean puppet army and "modernize" its equipment and completely arm the "homeland reserve forces" over two million strong.

On January 6 the scoundrels reached an "agreement" with the Pak Jung Hi puppet clique on the "defence commitments" concerning what is called "partial reduction" and they issued a "joint communique" on further pushing forward war preparations.

The U.S. imperialists are openly dragging into South Korea the Japanese militarist aggressive forces to be used as the "shock brigade" for the aggressive war in Korea according to their notorious "new Asia policy." Recently they have gone so far as to hurl into South Korea "skeleton units" of the Japanese aggressive army under the name of the so-called "interchange of military service."

The "test of prompt counterattack capabilities" vaunted by them while planning to stage a provocative "airborne operation" is, needless to say, a criminal scheme to further step up their preparations for surprise attack against the northern half of the Republic.

What the U.S. imperialist aggressors are after in such dangerous play with fire as the "airborne operation" is to prop up the Pak Jung Hi puppet clique who are doomed to ruin thoroughly isolated from and rejected by the South Korean people, break the fighting spirit of the South Korean people in the struggle against U.S. imperialism and for national salvation and militarily threaten the Democratic People's Republic of Korea.

Such calculation of the rascals, however, is an idle fancy of the warmaniacs.

Comrade Kim Il Sung, the great Leader of the 40 million Korean people, said as follows:

"We are striving to prevent war, but we are never afraid of it. If the imperialists jump at us by force of arms, we shall destroy the aggressors to a man so that they may not return home alive." ("Report on the Work of the Central Committee to the Fifth Congress of the Workers' Party of Korea," p. 74.)

The Korean people who are united firmly around Comrade Kim Il Sung, the great Leader of revolution, ever-victorious iron-willed brilliant commander and military strategist-genius, have converted the whole country into an impregnable fortress and have got themselves fully ready to beat off any invasion of the enemy at a stroke, keeping a sharp watch on the U.S. imperialists' moves with high revolutionary vigilance.

The U.S. imperialists, looking straight at the reality, must not behave indiscreetly and must give up their dangerous play with fire at once.

The President of Chile and his wife gave that day a luncheon in honour of the delegation of the Workers' Party of Korea.

We Warmly Hail Tenth Anniversary of Merger of South Vietnamese People's Liberation Armed Forces

The heroic South Vietnamese people are significantly greeting the tenth anniversary of the merger of the People's Liberation Armed Forces, their glorious revolutionary armed forces.

On this occasion the Korean people and officers and men of the People's Army extend the warmest congratulations and militant greetings to the brotherly South Vietnamese people and officers and men of the People's Liberation Armed Forces who are heroically fighting for the final victory in their anti-U.S. imperialist, national-salvation struggle.

The merger of the South Vietnamese People's Liberation Armed Forces on February 15, 1961 was a historic event that brought about an epochal turn in the anti-U.S. imperialist, national-salvation struggle of the South Vietnamese people.

Over the past ten years the South Vietnamese People's Liberation Armed Forces under the glorious revolutionary banner of the South Vietnam National Front for Liberation have grown and strengthened into invincible revolutionary armed forces in the raging flames of the anti-U.S. imperialist, national-salvation war of resistance for freedom and independence.

In accordance with the correct political and military lines of the SVNFL and under its correct guidance the South Vietnamese People's Liberation Armed Forces and people, firmly taking the initiative in the war, repeatedly inflicted heavy military and political defeats upon the U.S. imperialist aggressors by successive attacks at all fronts and won such resplendent victories as to liberate the four-fifths of the territory of South Vietnam and two-thirds of its population. Particularly through the general offensive and overall uprising early in the spring of 1968 and the establishment in June 1970 of the Provisional Revolutionary Government of the Republic of South Vietnam, their true people's power, the South Vietnamese people and People's Liberation Armed Forces developed their anti-U.S. imperialist, national-salvation struggle onto a new stage and opened up a more favorable phase for the final victory.

The Korean people and officers and men of the People's Army rejoice as over their own over the victories won by the South Vietnamese people and People's Liberation Armed Forces in their sacred war of resistance against U.S. imperialism and for national salvation, and warmly hail their victories.

Today the U.S. imperialists have not yet given up their wild ambition of aggression on Vietnam but are working madly to further extend and intensify their aggressive war against the peoples of Vietnam and other Indochinese countries despite the ever more serious military and political setbacks they have sustained in face of the heroic resistance war of the South Vietnamese people. Under the signboard of what is called "Vietnamization" of the aggressive war the U.S. imperialists are increasing the military aid to the South Vietnamese puppets, reinforcing the puppet troops on a large scale and bringing new-type weapons and combat equipment into South Vietnam continuously and thus they are carrying on the brutal war of genocide there all the more frantically on the one hand and, on the other, are further stepping up hostilities against the Democratic Republic of Vietnam, such as reconnaissance flight, bombing, strafing and "action by special attack units." More, they are further expanding and intensifying their aggressive manoeuvres against Laos and Cambodia and, having thrown a larger number of their puppet troops into these areas, are frenziedly conducting diabolical "scorched-earth operations."

The U.S. imperialists, however, can neither break the indomitable fighting spirit of the heroic Vietnamese people nor can they ever realize their sinister aggressive designs, no matter what threat or blackmail they may resort to and no matter what barbarous war of genocide they may stage.

The heroic Vietnamese people, in closer unity with the revolutionary peoples in Laos, Cambodia and other Asian countries, are now mounting collective counterattacks on the common enemy, the U.S. imperialists, and driving the enemy into the morass of irretrievable defeat.

Comrade Kim Il Sung, the great Leader of the 40 million Korean people, said as follows:

"The Workers' Party of Korea and the Korean people regard U.S. imperialist aggression against Vietnam as one against themselves and regard the struggle of the Vietnamese people as their own. Our people will be more resolute in their struggle against the common enemy, U.S. imperialism, and will exert every possible effort to support the people of Vietnam." (Kim Il Sung, *Selected Works*, Vol. IV, p. 328.)

The Korean people will continue to actively support and encourage with might and main the struggle of the fraternal Vietnamese people till they win the final victory in their sacred cause for liberating the South, defending the North and achieving the reunification of the country.

The U.S. imperialists must stop the war of aggression in Vietnam at once and quit South Vietnam and all other Indochinese areas unconditionally and without delay, taking with them their aggressor army and troops of their satellite countries and puppets and all the lethal weapons.

The question of Vietnam must be solved on the basis of the ten-point overall solution and eight supplementary points of the Provisional Revolutionary Government of the Republic of South Vietnam.

The heroic South Vietnamese people and People's Liberation Armed Forces are bound to win the final victory in their sacred anti-U.S. imperialist, national-salvation struggle.

Amid a hail of shots and shells combatants of the South Vietnamese People's Liberation Armed Forces close in upon the enemy

voment, taught as follows:

"The youth are advanced fighters for social progress and are a new generation representing the future of society. Overflowing vitality and exuberance, courage, fearlessness and tirelessness are their characteristics. Young people are sensitive to new things, have a strong enterprising spirit and love justice and truth, for which they fight through thick and thin. Because they have these splendid qualities, the young people can assume a very important role in the social revolution and in building a new society."

In the early period of his revolutionary activities Comrade Kim Il Sung, the great Leader of revolution, regarded the youth as the most active and vital unit in the social revolution and the youth movement as an important component of the revolutionary movement and in 1926 he organized the Down-With-Imperialism Union, the first Marxist-Leninist revolutionary organization in our country, with progressive youth and students.

Pointing out that the Down-With-Imperialism Union was the first communist youth revolutionary organization in our country and its founding marked the true beginning of the Korean communist movement and youth movement, the reporter said:

After forming the Down-With-Imperialism Union the great Leader of revolution Comrade Kim Il Sung organized youth and juvenile organisations to rally broader sections of youth in the revolutionary organizations and organized and mobilized them in the anti-Japanese struggle.

The new history of the Korean communist youth movement started and the brilliant revolutionary tradition of the Korean youth movement was established in the period of the glorious and resplendent early revolutionary activities of Comrade Kim Il Sung, the great Leader of revolution, which ushered in the new morning of the Korean revolution and were recorded in golden letters in the revolutionary history of our country.

The glorious anti-Japanese armed struggle organized and led by Comrade Kim Il Sung, the great Leader of revolution, not only effected a new turn in the national-liberation movement and the communist movement of our country but also developed the Korean youth movement onto a higher stage.

The brilliant revolutionary tradition of the Korean youth movement — the great ideological system of *Juche*, boundless loyalty to the revolution, the principle of the upbuilding of youth organisations, valuable exploits and experiences, revolutionary work method and work style of youth — became richer and the revolutionary roots of the Korean youth movement were laid more strongly by Comrade Kim Il Sung, the brilliant Leader of revolution, in the course of the glorious anti-Japanese armed struggle.

Comrade Kim Il Sung, the great Leader, on the basis of a deep penetration into the situation created following the liberation and the actual conditions of the youth movement, advanced a wise line for reorganizing the Communist Youth League into the Democratic Youth League and developing the Korean youth movement in a uniform way under the slogan "Patriotic youth, unite under the banner of democracy!" and successfully carried the line into effect.

With the founding of the Korean Democratic Youth League, the youth of our country came to have their only legitimate political organisation throughout the country for the first time in history and the complete unity of the youth movement was realised on the basis of the great ideological system of *Juche* of the Leader. The founding of the Democratic Youth League was an excellent example showing that in the period following the seizure of power by the Party of the working class the youth league can rally a greater number of youth to the side of revolution only when it assumes mass character and embraces broad segments of youth in itself and the youth movement can make a sound development only when it is guided in a uniform way by the single youth organisation, under the leadership of the Leader.

The reporter dwelt on the fact that under the wise leadership of the great Leader of revolution Comrade Kim Il Sung, the Korean youth, true sons and daughters of the fatherland and the people, brilliantly performed their lofty historical mission and honourable tasks as the resourceful and valiant youth vanguard bearing the brunt of difficulties and battles during the anti-Japanese armed struggle for beating back the brigandish Japanese imperialists, as reliable masters of the country in the fruitful struggle for building a new, democratic Korea after the liberation, as the guards and death-defying corps of the great Leader at the time of the hard-fought Fatherland Liberation War for crushing the U.S. imperialist aggressors and as the vanguard detachment and shock-brigade of socialist construction in the period of the postwar rehabilitation and construction and the grandiose struggle for turning our country into a socialist industrial state.

He continued:

As a result of the victory of socialist revolution and the progress of socialist construction in our country, the youth of our country have become socialist working youth, all living, working and studying under the socialist system and all striving for the common ideal of socialism and communism.

With a deep insight into such changed reality the great Leader Comrade Kim Il Sung reorganized the Democratic Youth League at its Fifth Congress into the League of Socialist Working Youth, a communist, mass organization. The reorganization of the Democratic Youth League into the League of Socialist Working Youth was a very wise step for strengthening and developing the youth league into a communist organization while maintaining its mass character.

The reorganization of the Democratic Youth League into the League of Socialist Working Youth strengthened and developed the youth league into a more powerful, militant organization of the Korean youth fighting for socialism and communism and brought the Korean youth movement to a higher stage.

The youth are firmly armed with the great *Juche* idea of Comrade Kim Il Sung, the unitary ideology of the Party, and this idea prevails in the whole ranks of the LSWY, and the revolutionary trait of resolutely defending the Leader at any time and any place and implementing without fail the teachings of the Leader even by plunging into fire and water is fully displayed among the youth.

It is only thanks to the wise leadership of the great Leader Comrade Kim Il Sung and his warm love and paternal solicitude that the League of Socialist Working Youth has been strengthened and developed into powerful revolutionary ranks, into a powerful militant organization of the Korean youth as we see today, the reporter said, and went on:

Saying at all times that the Party can be consolidated when the youth league is solidified and revolution and construction can be successfully carried out when the youth league works well, the fatherly Leader put up the League of Socialist Working Youth as an important political organization next to the Party and attended in person every congress and every function of the LSWY and gave programmatic teachings on hundreds of occasions, giving minute instructions on all the questions of the youth and children's work, big and small.

The reporter continued:

Comrade Kim Il Sung, the great Leader of revolution and the outstanding Leader of the Korean youth movement, founded the idea on the youth movement and youth question which are of great significance in the revolutionary movement and has led the Korean youth movement along the most correct road.

On the basis of the great *Juche* idea and the rich experiences gained in organizing and leading the youth movement for a long time, the respected and beloved Leader expounded and systematized in an all-round way and most correctly the questions of principle arising in the youth movement and the question of youth such as the questions on the position and role of the youth movement in the revolutionary movement, the contents and ways of the youth movement, the basic principles of the youth league construction and the Party guidance of youth work.

Indeed, the outstanding idea and theory of the Leader on the youth movement and the question of youth clearly indicated how the Marxist-Leninist party should guide the youth movement, and thereby made a world-historic contribution to the development of the communist youth movement.

The glory and happiness of the members of the League of Socialist Working Youth of Korea and the LSWY functionaries who are taking the lead in the world youth movement as the vanguard of the Marxist-Leninist youth organisations, under the wise leadership of Comrade Kim Il Sung, the outstanding Leader, can be compared to nothing.

Pointing out that at the historic Fifth Congress of the Workers' Party of Korea Comrade Kim Il Sung, the great Leader of our Party and the 40 million Korean people, illumined the bright road ahead of our revolution and put forth the programmatic tasks facing the League of Socialist Working Youth in the new stage of the development of our revolution, the reporter referred in detail to the tasks of the LSWY organizations and LSWY members.

In conclusion the reporter stressed:

Only victory and glory are in store for the LSWY and youth that vigorously march forward, holding aloft the revolutionary banner of the *Juche* idea under the wise leadership of Comrade Kim Il Sung, the brilliant Leader of revolution, outstanding Marxist-Leninist and great Leader of the Korean youth movement.
